

PEVASA's mission, vision and corporate values

Mission

Pesquería Vasco-Montañesa (PEVASA) is a company dedicated to the extraction of tropical tunas and its supply with the highest quality to the world canning and food industry in general.

It is a responsible fishery in strict compliance with all the rules that regulate its activity.

Vision

Being a benchmark in terms of sustainable fishing, committed to the protection of the resource and always responding to the needs of the customers.

Allow satisfactory levels of remuneration to the shareholders and be recognised in the European sector for its solvency and profitability.

Contribute to the personal and professional development of employees, and create an ensign through which they feel identified with the company and value their belonging to the team.

Corporate values:

- Initiative
- Responsibility
- Seriousness and commitment
- Continuous improvement and training.
- Sense of belonging
